ABSTRACT

The annual report provides demographic, employment, workload, and compensation information on California community college employees. It provides minimal analysis and is designed to provide reference information to persons at the state and district levels who use data on community college staffing for collective bargaining, accreditation reviews, effectiveness studies, and policy analysis. Data for this report were collected through the Chancellor's Office Management Information System from all 71 California community college districts and are presented by race and gender. The report is divided into seven sections. Section 1 provides general information for all categories of employees, including data on headcounts, full-time-equivalency (FTE), staffing levels by course disciplines/expenditure codes, and 5-year profiles of faculty headcounts and compensations. Section 2 covers full-time faculty, which includes employees with workloads greater than 60% FTE with classification of Contract, Regular, and Temporary. Section 3 offers information about teaching and nonteaching part-time faculty. Section 4 deals with academic administrators, which include certified executives, administrators, and mangers working full-time. Section 5 reports on classified administrators. Section 6 deals with classified professionals. The last section reports classified other, which includes full-time clerical/secretarial, technical/paraprofessional and plant service and maintenance employees hired under classified service. Appendix defines Staff Data Elements from the Management Information System Data Element Dictionary. (JA)

# *Preface*

This is the seventeenth in a series of annual reports providing demographic, employment, workload, and compensation information on community college employees. The information source for this report is the employee database of the Chancellor's Office Management Information System. The report period is the Fall 1998 term. (Note that the last report covered Fall 1996 and this report skips Fall 1997 to cover Fall 1998. No report will be published for the Fall 1997 period.) It covers all community college employees supported by state and district general funds, including categorical programs. Not included are employees supported by non-public funds (such as contract and community service education), and employees hired during the summer session.

Unlike the preceding reports, this report changes slightly the categorization of employees to more closely reflect existing *Education Code* and Title 5 regulations, at the same time not digressing significantly for categorizations used in earlier reports. The categorization of employees used in this report is: Full-time Faculty, Part-time Faculty, Academic Administrators, Classified Administrators, Classified Professional, and Classified Other. The major change is the elimination of the category "Professional" in prior reports, and designating, as appropriate, nonteaching faculty (i.e., counselors, librarians, media specialists, etc.) as faculty and the balance under a new section "Classified Professional." Further fine tuning of employee categories is expected in the future and will coincide with refinements that Chancellor's Office MIS staff develops in the editing, collection, and reporting of staff data.

Like the preceding series, this report provides minimal analysis and is designed to provide reference information for persons at the state and district levels who use data on community college staffing for collective bargaining, accreditation reviews, effectiveness studies, and policy analysis. Your comments and suggestions on ways to make the data more useful are welcomed. Technical questions regarding the report may be directed to Leonard Shymoniak at (916) 327-5884.

# *Introduction*

The *Report on Staffing and Salaries, Fall 1998*, presents demographic, employment, workload, and compensation information on all non-casual California community college employees. Data for this report were collected through the Chancellor's Office Management Information System from all 71 California community college districts. The report period is the first census week of the Fall 1998 semester/quarter (approximately the first week of November for the majority of colleges on the semester system).

Compared to reports for Fall 1996 and earlier, this report makes minor changes to the categorization of employees. The employee categorization used is more compatible to terminology used in the *Education Code* and Title 5 regulations and digresses as little as possible from earlier reports.

Starting with this Fall 1998 term report, in Tables B-1 and forward, the category "Professional" is eliminated, with the employees formerly comprising this category reassigned, as appropriate, to "Full-time Faculty" or "Classified Professional." The six major categories used in this report are: Full-time Faculty, Part-time Faculty, Academic Administrators, Classified Administrators, Classified Professionals, and Classified Other employees. Casual are excluded from this report. Except for Part-time Faculty, all categories consist of employees carrying a full-time workload. Included are all employees supported by general funds and categorical programs. Excluded from this report are employees, if any, supported by non-public funds (such as contract and community services education) and employees hired during the summer session.

The report is divided into seven sections. Section I provides general information for all categories of employees, including data on headcounts, full-time-equivalency (FTE), staffing levels by course disciplines/expenditure codes, and five-year profiles of faculty headcounts and compensation. Specifically, each of the Section I tables contain the following information.

**Tables A-1 and A-2** provide employee headcount and FTE, respectively, by the EEO-6* classification used for purposes of federal government IPEDS reporting.

**Tables B-1 and B-2** establishes employee headcount and FTE, respectively, by the primary categorization of employees in this report. This table provides separate breakouts for full-time and part-time faculty, indicating specific counts for those with teaching and nonteaching assignments.

However, in Sections E and F tables, teaching and nonteaching faculty are aggregated into either full-time or part-time faculty, respectively.

*These primary occupational activities are identical to the categories used in the biennial report of the Equal Opportunity Commission (EEO-6).

**Table C-1** presents a **preliminary** computation of proposed Title 5 regulations related to the use of full-time and part-time faculty. Refer to the footnotes for this table for definitions which are unique to this regulation and not representative of the categorizations used in the remaining tables of this report.

The primary purpose of this table is to illustrate the reporting detail and accuracy required for computing the full-time/part-time faculty teaching ratio. The numbers and ratios shown in this table may represent an over/under estimate, depending on the accuracy and completeness of the data reported by your district. Note that any employee record with incomplete or inaccurate data was most likely excluded from the calculation. With the implementation of data element refinements and improved editing routines by Chancellor's Office MIS staff, the full-time/part-time ratio will be generated from the MIS staff data file. The hard copy reporting to Fiscal Services can then be discontinued.

**Table C-2** shows the distribution of total faculty resources to classroom teaching. This table presents the number of FTE faculty instructing in the different Taxonomy of Programs (TOP) course disciplines by employee category.

**Table C-3** indicates the distribution of total staff resources statewide to instructional support activities. This table shows the number of FTE employees by budgetary expenditure code and employee category.

**Table D-1** provides a five-year historic profile of the number of full-time faculty by district using the categorization defined in this report.

**Table D-2** profiles district average salary and stipend for full-time faculty over the same five-year period, using the new categorization defined in this report.

**Sections II through VII** present demographic, employment, workload, and compensation information for each of the six major employee categories.

**Section II** covers full-time faculty. For purposes of this report, full-time faculty include employees with workloads greater than 60% FTE with classification of Contract (on tenure track but tenure pending), Regular (tenured), and Temporary (not on tenure track). Full-time faculty includes classroom instructors, as well as certificated nonteaching employees (e.g., counselors, librarians, nurses, curriculum specialists, etc.).

**Section III** reports teaching and nonteaching part-time faculty. These are Temporary (nontenure track) employees hired as faculty with an FTE workload of 60 percent or less.

**Section IV** deals with academic administrators. These include certificated executives, administrators, and managers working full-time.

**Section V** reports classified administrators, namely, executives, administrators, and managers hired as classified employees and working full-time.

**Section VI** deals with classified professionals. These include employees designated as "Professional" on the EEO-6 data element who work full-time and are hired as classified employees.

**Section VII** reports classified other. This category includes full-time clerical/secretarial, technical/paraprofessional and plant service and maintenance employees hired under classified service. Classified Other consists of the balance of all classified employees other than those flagged in Sections V and VII as administrative and professional, respectively.

Like prior year reports, the percent distributions in the tables are based on known data only, with the number of unknowns shown in a separate column. Districts with unusable or missing data are identified as missing in the footnote. Statewide estimates reflect a projection of activities for all 71 districts, including those with missing data. These projections are computed from statewide averages and prorations tied to FTES for districts with usable data related to the same measure.

## *Data Element Dictionary Specifications for Employee Categories*

For Tables A-1 and A-2, employee categories are based on EB07 (Employee-EEO-6-Occupational Activities) where 1 = Executive/Administrative/Managerial; 2 = Faculty; 3 = Other Professionals; 4 = Clerical/Secretarial; 5 = Technical/Paraprofessional; 6 = Skilled Craft; and 7 = Service/Maintenance.

**Full-Time Faculty** (*Section II*) employees include faculty (EB07 = 2, 3) with Employee-Employment Classification (EB08) equal to C (academic contract, tenure track) or R (academic regular, tenured) or T (temporary, nontenure track) having an employee-Assignment FTE (EJ08) greater than 60 percent.

**Part-Time Faculty** (*Section III*) include employees designated as faculty (EB07 = 2, 3) with an Employee-Employment Classification equal to T (temporary, nontenure track) and an FTE workload (EJ08) less than or equal to 60 percent.

**Academic Administrators** (*Section IV*) are employees designated as Executive/Administrative/Managerial (EB07 = 1) with an Employee Classification (EB08) = A (educational administrator).

**Classified Administrators** (*Section V*) are employees designated as Executive/Administrative/Managerial (EB07 = 1) with an Employee Classification (EB08) = P (classified, permanent/probationary).

**Classified Professional** (*Section VI*) are employees designated as Other Professional (EB07 = 3) with an Employee Classification (EB08) = P (classified, permanent/probationary).

**Classified Other** (*Section VII*) are employees with an EEO-6 Occupational Activity (EB07) designation of 4 (Clerical), 5 (Technical), 6 (Skilled Craft), or 7 (Service/Maintenance), and an Employee Classification (EB08) of P (classified, permanent/probationary).

This table illustrates the full-time/part-time faculty ratio calculation. It is an estimate and may not reflect actual numbers for your district. Incomplete or inaccurate employee data resulted in the exclusion of that employee's contribution to the ratio calculation.

SOURCE: STAFF DATA SYSTEM, CHANCELLOR'S OFFICE INFORMATION SYSTEM, prepared by Accountability Unit on May 20, 1999.
FOOTNOTE: Data for Gavillan, Imperial, Sierra, South Orange County, Ventura, and West Hills CCDs was incomplete and unusable for purposes of the calculations in this table. The statewide estimate is imputed on the basis of systemwide FTES. This assumes that the six districts unusable data are similar on average to the remaining 65 districts with usable data.
The calculations in this table are based on proposed regulation as presented to the Board of Governors in May 1999, which were not approved, with the provision that the Chancellor consider amending the regulations to include overload instruction as part of full-time faculty ratio. This table includes overload as part of the full-time faculty ratio.

Column code:
A-instructional FTE for tenure track contract/regular full-time faculty
B-instructional FTE for nontenure track full-time (FTE > 60%) temporary faculty
C-instructional FTE for professional (counselors, librarians, nurses, etc.) tenure track full-time faculty as part of contract
D-instructional FTE for nontenure track temporary (part-time w/ FTE <= 60%) instructional faculty
E-additional instructional FTE by administrative or classified staff as part of or in addition to regular assignment
F-total FTE for classroom instruction
G-noninstructional/academic/administrative assignment FTE generated by teaching tenure track contract/regular full-time faculty
H-instructional/academic/administrative assignment FTE for professional and nonteaching tenure track full-time faculty as part of contract
I-instructional/academic assignment FTE for nontenure track temporary (part-time w/ FTE <= 60%) instructional faculty
J-FTE of nonfaculty support staff--administrative or classified staff--not applicable to FT/PT calculations
K-total non-teaching support FTE
L-total overload FTE for extra pay generated by full-time faculty, administrators, and classified staff
M-total FTE of all noncredit instruction taught
N-other noninstructional and support FTE not captured in Columns A to M
O-college/district and systemwide FTE staffing for all activities
P-Fulltime/Parttime ratio. (Fulltime = sum(column A, C, E, G, H, L); Parttime = sum(column B, D, I)

SOURCE: STAFF DATA SYSTEM,CHANCELLOR'S OFFICE INFORMATION SYSTEM
Footnote: Reported data are suspect for Butte, Gavilan, Kern, Sierra and West Hills CCDs. Several other districts reporting more than 24 WFCH per full-time faculty also appear to be in error. The statewide estimate counts the maximun of twenty-four WFCH per full-time faculty and imputes missing data based on average counts per FTES for the balance of districts.

SOURCE: STAFF DATA SYSTEM,CHANCELLOR'S OFFICE INFORMATION SYSTEM
Footnote: Reported data are suspect for Imperial, South Orange Cty, Ventura, and West Hills CCDs. Several other districts reporting more than 9 WFCH per part-time faculty also appear to be in error. The statewide estimate counts the maximun of nine WFCH per part-time faculty and imputes missing data based on average counts per FTES for the balance of districts.

| DED# | DATA ELEMENT NAME | FORMAT |
|---|---|---|
| EB07 | EMPLOYEE-EE06-OCCUPATIONAL-ACTIVITY | X(01) |

This element indicates the primary EE06 occupational activity to which the employee's work assignment(s) belongs, as locally determined. An employee may have only one primary occupational activity.

CODING CATEGORIES

1 = Executive/Administrative/Managerial: Include all employees whose assignments require primary (and major) responsibility for management of the institution, or a customarily recognized department or subdivision thereof. Report in this category all officers holding such titles as President, Vice President, Dean, Director, or the equivalent, as well as officers subordinate to any of these administrators with such titles Associate Dean, Executive Officer of academic department heads, or the equivalent if their principal activity is administrative.

Supervisors of professional employees are included here, while supervisor of nonprofessional employees (service/maintenance, technical, clerical, and craft) are to be reported within the specific categories of the personnel they supervise.

2 = Faculty: Include all employees whose specific assignments customarily are made for the purpose of conducting instruction, as a principal activity (or activities), and who hold academic rank titles of professor, associate professor, assistant professor, instructor, lecturer, or the equivalent of any of these academic ranks. Report in this category Deans, Directors, or the equivalents, as well as Associate Deans, Assistant Deans, and executive officers of academic departments (chairpersons, heads, or the equivalent) if their principal activity is instructional.

Do not include student teaching or research assistants or medical interns or residents.

3 = Other Professionals (Support/Service): Include in this category employees employed for the primary purpose of performing academic support, student service and institutional support activities and whose assignments would require either college graduation or experience of such kind and amount as to

provide a comparable background. Include employees such as librarians, accountants, personnel, counselors, registered nurses, systems analysts, coaches, lawyers, and pharmacists, for example.

4 = Clerical/ Secretarial: Include all employees whose assignments typically are associated with clerical activities or are specifically of a secretarial nature. Include personnel who are responsible for internal and external communications, recording and retrieval of data (other than computer programmers) and/or information and other paper work required in an office, such as bookkeepers, stenographers, clerk typists, office-machine operators, statistical clerks, payroll clerks, etc. Include also sales clerks such as those employed full time in the bookstore, and library clerks who are not recognized as librarians.

5 = Technical / Paraprofessional: An employee whose position requires specialized knowledge or technical skills. Include computer programmers and operators, drafters, engineering aides, junior engineers, mathematical aides, licensed practical or vocational nurses, dietitians, photographers, radio operators, scientific assistants, technical illustrators, technicians (medical, dental, electronic, physical sciences), and similar occupational activity categories but which are institutionally defined as technical assignments.

Include employees who perform some of the duties of a professional or technician in a supportive role, which usually require less formal training and/or experience normally required for professional technical status. Such positions may fall within an identified pattern of staff development and promotion under a "New Careers" concept.

6 = Skilled Craft: Include all employees whose assignments typically require special manual skills and a thorough and comprehensive knowledge of the processes involved in the work, acquired through on the job training and experience or through apprenticeship or other formal training programs. Include skilled machinists, carpenters, compositors and typesetters, and upholsterers.

| **EB08** | **EMPLOYEE-EMPLOYMENT-CLASSIFICATION** | **X(01)** |

This element identifies the primary employment classification.

CODING MEANING

**ACADEMIC EMPLOYEES:**

T = Academic, Temporary: Non-Tenure Track.

C = Academic, Contract (1st - 4th year): Tenure Track

R = Academic, Regular: Tenured

A = Educational, Administrator: An administrator who is employed in an academic position designated by the governing board of the district as having direct responsibility for supervising the operation of or formulating policy regarding the instructional or student services program of the college or district. Educational administrators include, but are not limited to, chancellors, presidents, instructional or student services administrators and other supervisory or management employees designated by the governing board as educational administrators.

"Academic employee" refers to a person employed by a community college district in an academic position.

"Academic position" includes every type of service, excluding paraprofessional service, for which minimum qualifications have been established by the Board of Governors pursuant to Section 87356.

**CLASSIFIED SERVICE EMPLOYEES:**

P = Classified, Permanent/Probationary: Employees serving a formal probationary period or who have vested rights to employment under Education Code Section 88000, et seq., as members of the classified service. This also includes Classified administrator, supervisors, management, and confidentials.

| DED# | DATA ELEMENT NAME | FORMAT |
|---|---|---|
| EB08 | EMPLOYEE-EMPLOYMENT-CLASSIFICATION - CONTINUED | X(01) |

"Classified employee" refers to a person employed by a community college district in a classified position.

"Classified position" includes every position that is a part of the classified service as defined in Sections 88003 and 88076.

"Classified administrator" means an administrator who is not employed as an educational administrator. In the case where the employee remains a classified employee but has been designated as an academic administrator, use the academic administrator code.

**OTHER NON-ACADEMIC EMPLOYEES:**

O = Other: For reporting purposes, included in this classification but not limited to are: substitute, short-term, casual employees, employed and paid for less than 75% of a school year; part-time playground positions, apprentices and professional experts employed on a temporary basis for a specific project, regardless of length of employment; full-time students employed part time, and part-time students employed part time in any college work-study program, or in a work experience education program conducted by a community college district which is financed by state or federal funds.

"Short-term employee" means any person who is employed to perform a service for the district, upon the completion of which the service required or similar services will not be extended or needed on a continuing basis.

"Seventy-five percent of a school year" means 195 working days, including holidays, sick leave, vacation and other leaves of absences, irrespective of number of hours worked per day.

## Staff Data Elements

| DED# | DATA ELEMENT NAME | FORMAT |
|---|---|---|
| **EB09** | **EMPLOYEE-EMPLOYMENT-STATUS** | **X(01)** |

This element identifies the employee's current employment status.

| CODING | | MEANING |
|---|---|---|
| C | = | Continuing: An employee whose level of responsibility did not increase during the report period and whose salary did not increase except for normal cost of living adjustments, longevity, or merit (step) increases. For reporting purposes, included but not limited to are "Academic Temporary" employees who work for the district (for any period of time) each year, "Rehires" (E.C. 88015, 88128) and "Interchanges" (E.C.87060) between Classified and Academic service). |
| N | = | New Hire: An employee hired during the report period who did not have permanent employment with the district within 39 months prior to the date of hire. For reporting purposes, include in this category "Academic Temporaries" (non-tenured, non-tenure track) who have been employed as "Academic Contract or Regular" employees for the first time during this reporting period. Also include in this category "classified or other non-academic" employees who have been employed as "academic" employees for the first time during this reporting fiscal year. |
| P | = | Promoted: An employee having a change in assignment during the report period, resulting in a permanent position with higher degree of responsibility and a salary increase beyond the cost of living adjustment, longevity, or merit (step) increase the employee would otherwise be entitled to receive. A promotion is a result of a competitive process. For reporting purposes, a promotion can occur "within or across" most EEO6 occupational categories (i.e. a clerk appointed to a supervisor position or faculty appointed to an administrator position). However, a change of employment classification "within" or "to" the EEO6 Occupational Category of faculty must not be reported as a promotion (i.e. academic temporary to academic contract or clerical to faculty) but must be reported as a new hire. See definition above for "New Hire". |
| R | = | Reclassified: Reclassification results from the re-evaluation of the duties of a position or the assignment of new duties to the position. |
